This form is required under Wis. Stat. § 196.07. Failure to file the form by the statutory filing date can result in the imposition of a penalty under Wis. Stat. § 196.66. The penalty which can be imposed by this section of the statutes is a forfeiture of not less than \$25 nor more than \$5,000 for each violation. Each day subsequent to the filing date constitutes a separate and distinct violation. The filed form is available to the public and personally identifiable information may be used for purposes other than those related to public utility regulation.

RULES FOR REPORTING

1. The annual report due date is April 1 of the following year. (Example: The 2002 report is due April 1, 2003.) If that date falls on a weekend or holiday, the annual report is due the following business day.
2. **Electronic filing via e-mail is required unless additional provisional confidential treatment is desired.** Go to the Public Service Commission of Wisconsin's Web Page at <http://psc.wi.gov>, click on Telecommunications, click on Annual Report Programs and Worksheets, and click on Annual Report Program for Alternative Telecommunications Utility - Other Telecommunications Providers (OTH).
3. Alternative Telecommunications Utility-Other Telecommunications Provider (ATU-Other) entities with no revenues for the report year are required to file an OTH annual report.
4. Unless otherwise indicated, the information requested in this report should be taken from the accounts and other records of the utility. A query or response concerning information contained in this report regarding any practice or transaction should not be construed as indicating conformity to pertinent regulations.
5. Please follow all instructions and answer each question fully and accurately. Provide additional information as necessary to avoid misunderstandings or misleading responses.
6. Wherever information is requested in a "note," please show that information in the space provided, or make reference to the adjacent page or insert where the note may be found. Please also identify each note. Limited footnote capability is included in the annual report software program. Please use it where necessary to fully explain particulars in the annual report.
7. Numeric items are limited to digits (0-9). Do not type commas when entering numbers. A minus sign "-" should be entered in the software program to indicate negative values. The program will convert the minus sign to parentheses if a hard copy of the annual report is printed. Negative values may not be allowed for certain entries in the annual report due to restrictions contained in the software program.
8. Please report all dollar amounts to the nearest thousand dollars.
9. This annual report should be complete in all respects. Unless otherwise authorized, avoid references to returns of former years or to other reports.
10. Wherever schedules call for data from the previous year and such data were reported in the previous annual report, the previous year's data should be reported without modification. If modified, an appropriate footnote and explanation should be included in the current year's annual report.
11. Where part or all of the report is prepared by other than utility personnel, a disclosure is required in the "Individual or firm, if other than utility employee, preparing this report" portion of the Identification and Ownership schedule, which describes the nature and extent of work performed.
12. The OTH annual report program incorporates provisional confidentiality capability for the following item, based on the Commission's Information Regarding Confidential Filings decision dated February 24, 2003, as supplemented for the new Nonregulated Revenues category on the Operating Revenues schedule:
 - a. Operating Revenues (Particulars, Wisconsin-Based Intrastate, Wisconsin-Based Interstate, Wisconsin-Based Total, and Total Company columns) (pp. 14-15) (Miscellaneous Revenues and Nonregulated Revenues descriptions, other than Video Distance Learning and Directory appearing in the report form, contained in the Particulars column (column a) and respective dollar amounts reported for the Miscellaneous Revenues and Nonregulated Revenues categories in the columns labeled Wisconsin-

RULES FOR REPORTING

Based Intrastate, Wisconsin-Based Interstate, Wisconsin-Based Total, and Total Company);

- b. Central Office Data-End of Year (p. 19)
 - i. Integrated Service Digital Network (ISDN) Lines-In Use (BRI);
 - ii. ISDN Lines-In Use (PRI);
 - iii. xDSL Lines-In Use;
 - iv. Switched 56 lines in use;
 - v. Digital Transmission Facilities: DS-1-In use;
 - vi. Digital Transmission Facilities: DS-3-In use;
 - vii. Video Information Service-In use (# lines); and
 - viii. Fiber Transmission Facilities: No. of fiber strands working (LIT) in C.O.

If additional provisional confidential treatment is desired, please contact the Commission concerning required manual filing procedures. In this situation, do not file the annual report electronically using the program's e-mail filing capabilities.

- 13. It is not necessary to manually or electronically "sign" the signature page. It is not necessary to file a hardcopy annual report printout with the Commission.
- 14. **Edit Check, Confidential Listing, Exported Annual Report, and Export Status Files; Filing the Completed Report:**

Program edit checks, which are located under the Admin dropdown menu, should be run at the completion of data entry. Each edit problem lists pertinent schedule(s) as well as the nature of the problem (such as "does not equal"). Edit items should be reviewed and corrected; unresolved problems should be footnoted in the report, if necessary. This screen automatically saves the edit checks to an .edt file that may be viewed and edited (for purposes of adding necessary notations) using a word processing package such as WordPad.

The confidential listing, which is located under the Admin dropdown menu, should also be run at the completion of data entry. This will create a .clf file.

Select the annual report to export from the Main-Report Selection window. Click Admin, Export Data to PSC to start the export process. This will create an .mdb file, which will subsequently be encrypted to a file with an .sen extension. An export status file is also created (with a .txt extension). The export status file may also be viewed in a word processing package such as WordPad. If you encounter any export errors, please contact the Commission for assistance.

The .edt, .clf, .sen, and .txt files will be zipped to a file with a .zip extension. An e-mail message will be created, addressed to pscrecs@psc.state.wi.us. The .zip file is automatically attached to the e-mail message. After the e-mail is created, it will automatically be sent to the Commission.

Once received and processed by the Commission, you will receive a response indicating that your annual report has been received and is being processed. You will be notified if there are any problems with the annual report filing.

- 15. **Name Changes:**

If a name change (e.g., the new name, the date of the change, and the affected entities with their respective four-digit Commission identification numbers) is identified in the report, documents from the State of Wisconsin Department of Financial Institutions (DFI) also must be submitted to the Commission:

RULES FOR REPORTING

A domestic corporation should send a copy of the stamped page from its Articles of Amendment as filed with DFI. A foreign corporation should send a copy of their Amended Certificate of Authority as issued by DFI.

These documents can be obtained by:

1. Calling DFI at (608) 261-7577;
2. Contacting DFI on the web at <http://wdfi.org>; or
3. By writing to DFI at P.O. Box 7846, Madison, WI 53707-7846.

A name change is not effective in the Commission's records until a separate notification letter is sent to the Commission including documentation to confirm registration of that change with the State of Wisconsin Department of Financial Institutions.

16. Changes to the Annual Report Subsequent to Filing:

If making revisions to the report subsequent to an electronic filing with the Commission, resubmit the report via e-mail following the procedures set forth above in item number 14. New edit check, confidential listing, exported annual report, and export status files should be created as a result of the revisions.

Revisions to an annual report previously filed on a manual basis also require a new complete manual filing.

- 17. Municipalities authorized by the Commission as competitive local exchange carriers (CLECs) should report only the CLEC-related amounts in the OTH annual report.**

ASSESSABLE REVENUES

Description (a)	This Year (b)
Calculation of Assessable Revenues for Remainder and Telephone Relay Assessment Purposes	
Gross Operating Revenues--Wisconsin (including outbound interstate revenues)	0 1
Less: Inbound Interstate Revenues (exclusive of uncollectible service revenues) Included in Line 1 (if any)	0 2
Less : Current Year Write-offs of Uncollectible Revenues	0 3
Plus: Current Year Collection of Operating Revenues Previously Written Off	0 4
Less : Nonregulated Operating Revenue (included in Gross Oper. Rev. on Line 1)	5
Plus: Nonregulated Net Write Off Amount (included on Lines 3 and 4)	6
Total Assessable Revenues for Remainder and Telephone Relay Assessment Purposes	0 7

Assessable Revenues for Universal Service Fund Assessment Purposes

Wisconsin Gross Intrastate Operating Telecommunications Service Revenue	0 8
---	-----

Notes

"Gross Operating Revenues--Wisconsin" are revenues before consideration of uncollectible revenues. These revenues include revenues from inbound interstate 800 and collect calls billed to customers in Wisconsin.

"Outbound interstate revenues" are service operations revenues received from communications originating at points within Wisconsin and terminating at points outside the state.

"Inbound interstate revenues" are service operations revenues received from communications originating at points outside the State of Wisconsin and terminating at points within the state.

(NOT TO BE EXCLUDED HERE ARE INBOUND INTERSTATE 800 AND COLLECT REVENUES BILLED TO CUSTOMERS IN WISCONSIN).

"Gross" means revenue before consideration of uncollectible amounts. Access expenses may not be netted against assessable revenues.

"Intrastate" means telecommunications service originating and terminating within the State of Wisconsin. Intrastate revenue does not include interstate access revenue.

"Operating" means provision of telecommunications services.

"Telecommunications service revenue" for the purpose of this assessment does not include cable television service, broadcast service, rents, directory revenue, carrier billing and collection revenue, nonregulated customer premises equipment revenue, or other miscellaneous or nonregulated revenue. However, it does include video distance learning revenue and payphone revenue (the latter which was deregulated in 1997).

OTHER INFORMATION

Additional or other information concerning this annual report.

IT SHOULD ALSO BE NOTED THAT THIS REPORT WITH A SIGNATURE PAGE DATE OF 4/18/2002 IS A RE-SUBMISSION FROM THE ORIGINAL REPORT DATED 4/1/2002. AFTER FINAL REVIEW OF THE TRIAL BALANCES AND CLOSING OUR OTHER UTILITY FUNDS, IT WAS DETERMINED THAT THE ELECTRIC UTILITY HAD OBTAINED \$32,571 OF PLANT MATERIALS THAT SHOULD HAVE BEEN CHARGED TO THE TELECOMMUNICATIONS UTILITY. THIS IS FIBER OPTIC CABLE THAT IS PART OF THE MATERIALS THAT WILL BE USED TO CONNECT THE FIBER SYSTEM TO OUR NEW HIGH SCHOOL. AS OF 12/31/2001, THIS CABLE WAS NOT INSTALLED AND DURING OUR CLOSE-OUT PROCESS THIS AMOUNT OF TRANSFERRED FROM THE ELECTRIC UTILITY ACCOUNTS TO THE PROPER ACCOUNTS IN THE TELECOMMUNICATIONS UTILITY.

It should also be noted that although the Two Rivers Telecommunications Utility used the Alternative Telecommunications Utility - Other Telecommunications Provider Annual Report, there are significant areas that do not apply to the operations of our utility at this time. Our CLEC does not presently operate all of the functions that are included for use by so-called "subscriber" and/or telephone service. As you may recall for our previous discussions, several years ago the Two Rivers Water & Light Department was contacted by the Two Rivers Public School District regarding their plan to link their 5 buildings in Two Rivers with fiber to be used for their data and voice communication needs. After evaluating the make ready costs that would be necessary to provide them with a joint user zone on our pole lines, we realized that the make ready costs would just about equal their cost of constructing their fiber system once the make ready had been completed. We also realized that if we used a fiber cable system with no electrically conductive elements, we could build a system in our own zone on the pole lines with very little make ready works to accommodated installation of the fiber system. We also realized that the fiber system that we had been planning to construct several years in the future for our own use.

After discussions with the school system, we entered into a joint project in which the school system paid for the installation in 1999 of a 96 fiber system linking the school facilities and our own facilities along the route between the schools. In return for their contribution, the school system was given use of 24 of the fibers for life of the fiber facilities, with the Water & Light Department being responsible for maintenance of the outside plant. Under this arrangement, the school district saved over \$200,000 and the utility gained about one half of the fiber plant that we will eventually need for our planned SCADA system at a cost of about \$10,000. Since we will not likely need anywhere near the 72 fibers under our control, we will be able to entertain requests from others for use of some of the available fiber. To facilitate our stewardship of this plant assest, the City formally created a communication utility, applied to the PSCW for CLEC certification and recevied that in July 2000.

It should be noted that when completing the Identification and Ownership schedule in the area of contacts and going to stockholders, since Two Rivers did not have any, I was unable to leave certain line items blank so I filled in "Not Applicable in the Address, City and State" areas in order to exit this schedule.

Please note that aour Listing of Edit check Results includes 6 items - - but after speaking with Kevin Klingbeil on 4/1/2002, it was determined that these were caused since we are not really oeprating and presently there is not other response that the net income for intrastate operations but zero; and there are no billings at the present; and the Central Office is mentioned in the contact and ownership but there is no switching and/or other type of equipment.

SCHEDULE AND REPORT NOTES

General Footnote

Schedule Footnotes

Total Company Balance Sheet - Liabilities and Capital Footnote. Page 9

There seems to be a problem with the Retained Earnings being carried over to this schedule from the Retained Earnings - Total Company schedule. In order to make the balance sheet balance for Liabilities and Capital, I had to place the retained earnings dollar amounts in the Capital Stock and Paid In Capital line. The Retained Earnings did not pull the information into the schedule for proper use.

Telecommunications Plant in Service & Accumulated Depreciation & Amortization - Wisconsin Footnote. Page 12

A 6.25% depreciation rate is being used. Since the underground conduit in Account 366 was first installed in late December 2001, no depreciation was calculated.

Access Expenses, Billing Expenses & Charges Imposed by Another Carrier Footnote. Page 17

We have a fiber optic system only at the present time. There were no billings in 2001.

Central Office Data - End of Year Footnote. Page 19

There are no operations of phone service at this time.
